## Campaign To Save Forest Under Way

Congress To Be Deluged With Letters Showing Vital Need Of Protection

Sierra Madre Kiwanians taking local leadership in a statewide program to obtain through Congress an emergency appropriation for the U.S. Forest Service, this week collected from citizens in the community over 150 letters which they mailed to Carl Hinshaw, congressman of the new 20th district.

Each letter written by a Sierra Madrean aware of the vital need to protect California forests from sabotage, asked that Mr. Hinshaw expend every effort to secure adequate funds for forest protection. Most of the letters were taken to the Kiwanis luncheon and mailed in a group. Others were mailed by Kiwanis members, all of whom had been asked by Bruce McGill, chief air raid warden, to collect ten letters from members of the community. Those who have not as yet done so will complete this work within a few days and mail the requests to Mr. Hinshaw, at the House Office Building, Washington, D.C.

All Sierra Madre residents may assist in this forest protection work, by writing to Mr. Hinshaw, said Mr. McGill, who has also communicated with Kiwanis clubs in forest areas from San Diego to Santa Barbara, asking that each club take similar action.

W. A. Smith, Los Angeles County supervisor for this district, recently stated that one enemy plane flying over Southern California forests could devastate vital areas with incendiary bombs in a matter of hours.

Chambers of Commerce in many districts are also supporting the program for emergency protection, while efforts are being made by the Forest Service to obtain from high schools, enrollees for work in the forests during the fire season.

## War Relief Fund Of Red Cross Nearing Half Way Mark

Sierra Madre's Red Cross war relief fund approached the half way mark yesterday with collections totaling \$2598.70. Workers taking subscriptions are finding a ready response from townspeople. However everyone will have to contribute to the limit if the local quota of \$5250 is to be reached. Speaking of the needs of the Red Cross during this war period, Dr. Arthur O. Pritchard stated that increasing of the national quota from 50 to 65 million dollars reflects added responsibilities which are being met by the organization.

## Arthur Pritchard Joins The Army

Dr. Arthur O. Pritchard of 121 East Alegria, went to Berkeley, Friday, to visit his son, Arthur Pritchard Jr., who was called from Connecticut for induction into the army.

## Al Myers Awarded Contract As Local Mail Messenger

Al S. Myers, former city business manager, was awarded the U.S. mail messenger contract here last Thursday, effective February 15. The contract was assigned on bids transmitted to the Post Office Department at Washington, D.C. There were several bidders. Mr. Myers will also act as special delivery messenger in addition to transporting the mails to and from railway stations.

## EMERGENCY HOSPITAL WARDS STAFFED AND EQUIPPED; NEED NURSES AND SUPPLIES

"Please let us have your old but clean bed linens, blankets, pillows and towels," entreated Sierra Madre's committee of emergency nurses this week. Emergency observation wards for men, women and children have been partially equipped and staffed, but are incomplete through lack of the requested articles.

Consideration of the park house as a hospital ward has been abandoned. The hospital ward now ready at the home of Mrs. L. A. Rehnau has been designated for the care of men, with Mrs. C. Caplan in charge. The women's ward will be at the home of Mrs. Leila Roberts where Mrs. Sidney Cramp will assist, while children will be cared for at the home of Mrs. C. E. Rappolee where Mrs. Cora B. Corum will be in charge. Nurses for Emergency first aid station No. 1 located at Dr. M. H. A. Peterson's office, where both Dr. Peterson and Dr. L. M. Evans

## Users Of Obsolete Tires Have An Edge In Rationing

With the advent of tire rationing, motorists whose cars use obsolete size tires find the balance of privilege all on their side as tires issued here for the first week of February were all in this class. Weekly report from Thomas Neale, chairman of local rationing Board No. LA 71, reveals that permits were issued to Raymond D. Andrews for three tires and two tubes, obsolete, and to the E. D. Wood Lumber Co., for two tires and one tube, obsolete.

## Successor To Carter Not Mentioned

In the absence of Councilman John Froehlich, who is in the north, no mention was made about filling the vacancy on the city council caused by the resignation of Paul Carter at Tuesday's meeting of the council. It is barely possible that the council may make no effort to appoint a successor and allow the people to choose one at the municipal election of April 14, though the appointment may be made at the next council meeting. In the event a special election were to be authorized this election would be later than the regular April election.

Councilman Thomas Miller who had earlier decided not to seek re-election has informed his colleagues he will be a candidate again. Councilman Tom Schwartz is the other sitting member who will seek re-election.

Tomorrow, the 13th, is the first day for the circulating of nominating petitions by intending candidates. The papers must be filed by March 14.

Registrations for the coming election are being taken now at the city hall and will be in progress until March 5, 39 days before the election.

Persons who have moved or who have become 21 years of age are required to register if they wish to vote in the election. Other qualifications include residence of one year in the state, 90 days in the county and 30 days in the precinct.

## Orchardists Worry Over Lack Of Rain

So far this year Sierra Madre has enjoyed 38 days with no rain, most of them clear with temperatures averaging well over 70 degrees. Only .32 inches of rain has fallen here since Jan. 1, while total rainfall for the season to date is 8.70 inches as compared with 13.68 inches for the same period last year. Dry crop farmers and orchardists are worried over the lack of precipitation.

Flowering trees are now bursting into color in many parts of town, fragrant flowers and shrubs are in bloom and gardens are putting on spring color everywhere. Temperatures for the week have been:

	Max.	Min.

## Jr Women Will Make 110 Garments

A bridge party was held in the Jr. Woman's Club rooms last Thursday evening to raise money for the Needlework Guild. This fund is to be used to purchase material the club plans to make. The goal is 110 garments to be completed by the middle of March. Refreshments were served by Glean Drury, chairman of the Needlework Guild.

## Choir Honors Dean Arnold Bode At Surprise Party

Members of the choir of the Church of the Ascension gave a surprise party for Dean Arnold G. H. Bode, Monday night, at his home at 410 West Montecito on the occasion of the 50th anniversary of his ordination as a minister. Choir members and guests who presented Dean Bode with a metronome, included Rev. and Mrs. John S. Neale, Mr. and Mrs. Lee Shippey, Mr. and Mrs. Elmer Pulling, Mr. and Mrs. Clarence Noshier, Mmes. Harold Davenes, Randolph Wood, A. E. Pulling, and Joe Quittner; Misses Burnaby Bode, Kathleen Pulling and Edna Green, and Messrs. Sidney Cramp, Hall Perry, Jedney Davis, Alan Wood and Roger Wood.

THE VOICE OF LINCOLN DOWN THE AGES—"I always feel inclined, when I happen to say anything to soldiers, to impress upon them the importance of success in this contest. It is not merely for today, but for all time to come, that we should perpetuate for our children's children that great and free government which we have enjoyed all our lives. . . . Still, let us not be over sanguine of a speedy, final triumph. Let us be quite sober. Let us diligently apply the means, never doubting that a just God, in His own good time, will give us the right 'ul result."

## Order Weed Cleanup To Start Now

Weed cleaning time in Sierra Madre has arrived again and W. D. Richards, fire chief, yesterday advised townspeople to begin destroying weeds NOW. Said Chief Richards, "Our enforcement of weed clearance, and the disposal of debris and rubbish will be more rigid this year than ever before. I am asking Sierra Madreans to get all inflammable materials out of their yards right now, and away from garages, outbuildings, attics and basements. Inspection of the town will begin at once and will continue until all weeds have been removed and all yards cleared of rubbish, Richards said.

## Navy Wires Mother Of Son's Death At Pearl Harbor

Mrs. Hazel Bridges of 646 West Highland avenue, received a telegram late last week from the Navy department informing her of the death, due to natural causes, of her son Warren, chief petty officer of the U. S. mine sweeper Oglala at Pearl Harbor. He had been stationed with the fleet in the far east for several years, four of which were spent in China waters where four years ago he was a member of the crew of Admiral Yarnell's flagship Augusta when it was bombed by the Japanese. A little over a year ago when the officer re-enlisted he was stationed at San Francisco until last fall, when he was sent to Hawaii. While he was at San Francisco his mother came from their home in Greenfield, Mass., to be near him. She came to Sierra Madre when he was transferred to the islands.

## WOMAN'S AMBULANCE CORPS ASKS SIERRA MADREANS TO BECOME MEMBERS

Arcadia unit of the Woman's Ambulance and Defense Corp of America this week extended an invitation to interested Sierra Madre women to join Company E or Arcadia until such time as Sierra Madre organizes a unit, when local troopers would be transferred to the company here.

Regular meetings are held twice weekly, Tuesday and Thursday evenings, from 7 until 10 o'clock, at the First Avenue School, 301 South First street, Arcadia. Office of Company E is located in Rooms 29 and 32, Howard Building at 51 East Huntington drive. Inquiries should be made at this office which may be reached daily by phone at ATwater 7-7984, from 9 a.m. until 4 p.m.

Enlistments are voluntary and are made for a period of one year. Training is patterned closely on that of U. S. Army military service organizations—complete with uniforms, non-commissioned and commissioned officers, and U. S. Army rules and regulations wherever practicable. The specific course of training includes Red Cross first aid, bandaging, field drill, information and map reading, radio and semaphore and motor mechanics.

Sierra Madre women are invited to visit at a regular meeting and acquaint themselves with the aims and ideals W. A. D. C. A. which has been in operation in Southern California since October, 1940.

## BOY SCOUTS HERE ENLIST FOR SERVICE DURING ANY WAR TIME EMERGENCY

Ten Sierra Madre Boy Scouts have volunteered for training under the Emergency Service Plan of the Boy Scouts of America and will be given a complete course in messenger service, first aid and communications work, so that in an emergency they will be qualified to assume duties of responsibility under the Civilian Defense Council.

All members of this group who will receive individual, patrol and troop training, hold a first class rank, are 15 years or older, have passed a stiff physical examination, and have volunteered with the consent of their parents. Already enrolled are David Duran, William Newberry, Frank Salle, Aress Emrie of Troop 2; and Goodrich Simmons, Robert Osti, Tommy Schwartz, William Simmons, Robert McCullagh and Bert Embree of Troop 1.

Before they can acquire full ship.

## CLUB FEARS SCARCITY OF VEGETABLES AS JAPS BANNED; URGE VICTORY GARDENS HERE

Prospect of the establishment of limited martial law in California, and the removal of all Japanese from the Pacific Slope may have a temporarily serious effect on vegetable growing here it was indicated this week. Reliable sources revealed that spring planting is not going forward as usual, because of the present uncertainty among Japanese vegetable growers.

Home gardeners will be one of the answers to forestall a possible vegetable shortage, and the Sierra Madre Garden Club is locally sponsoring such a movement. At the same time this organization is carrying on as usual, responding to the Federal plea for continuation of peace time activities for civilians.

## Only 50 Aliens Are Registered Here

Closing of enemy alien registration here this week revealed that 50 aliens, mostly Japanese, had made application for Federal registration. Exact percentage of Japanese, Italian and German residents was not obtainable.

## Many To Get First Aid Certificates

Red Cross first aid certificates for the first class trained since the outbreak of the war by Dr. W. B. Heagerty will be presented to Mmes. Margaret Bullock, Nor Eaton, J. E. Diemer, Rosalie Goodwin, Al Miller, Marie McMillan, Steve O'Donnell, Ross Marshall, Waverly Pratt, J. H. Robertson, Audrey Smith, Clara L. Sykes, and Miss Jean Woodward.

In Class No. 2, conducted by Mrs. E. R. Thompson certificates will be given to Mmes. J. C. Allen, Ruth Blakeman, John Fergus, Nathan Jacobs, Grace Koch, Betty Mollerock, R. A. Pratt, Wanda Schultze, James Scoville, Harold Williams, and Misses Dorothy Holmes and Treva Holtum.

Arrangements are now being made by the Red Cross for advanced course first aid classes, organization of which will probably be completed in the next two weeks.

## Sierra Madreans Head Student Body At Wilson Jr. High

Two Sierra Madreans were chosen as leading officers of the student body at Woodrow Wilson Junior High school at the election Wednesday, Jan. 28, after the most spirited campaign in Wilson history.

Elected as resident was Bill Murphy, of Sierra Madre; vice-president, Barbara Barker, another Sierra Madrean.

Campaigning was carried on in a big way for a week before the election. Speeches were given over the public address system at noon and before school, accompanied by swing music. Posters lined the halls throughout the school, illustrating each candidate's qualifications.

## Bomb Shelter Plans Available Here Now At The City Hall

Sierra Madreans planning to build bomb shelters will find plans for three different types available at the city hall, from Wm. Lees, building inspector.

These plans have been issued by the County Defense Council and give complete instructions including space required for sleeping accommodations. Advised emergency equipment includes a shovel, pick, flashlight, drinking water and first aid kit.

Where sleeping is contemplated buildings are required to provide 30 square feet for each person, while the length should provide one and a half lineal feet per person.

## Membership Drive Of PTA To Interest New Residents

Past president of the Sierra Madre PTA will be special guests at a meeting of the group which will be held next Thursday, Feb. 19, at 3 o'clock in the room of the grammar school. Honors of the day will go to Mrs. J. F. Sadler, first Sierra Madre president who served here in 1915. She will plant a tree in the school ground in memory of the founders of the first PTA. Refreshments will be served.

A membership drive will be conducted for new parents entering their children in the February semester.

Mrs. John Claus is asking that all members attend the combined meeting of the 1st and 10th PTA District which will be held in the Pasadena Civic Auditorium Feb. 18, beginning at 10 a.m. National and state presidents will be the speakers.

## RELATIONS BETWEEN SOUTH AMERICA AND U. S. GROWING CLOSER, WOMEN ARE TOLD

Western hemispheric solidarity was discussed yesterday morning by Dr. Lawrence Pritchard in an address to the Sierra Madre Woman's Club. Dr. Pritchard, professor of government and political science at USC, has devoted two summers to a study of Latin America and has visited 24 countries in the Western hemisphere studying their governments, views on world situations, and their economic problems.

"I came back," said Dr. Pritchard, "increasingly impressed with the fact that we know very little about Latin American countries."

## Board Ready To Register Draftees

Expect More Than 250 Men Will Be Enrolled Here February 14, 15 And 16

Joseph S. Weber, chairman of the three day Selective Service registration to be conducted throughout the state February 14, 15 and 16, announced yesterday that final plans for the registration in Sierra Madre will be made tonight by the board which has been called for a meeting at his home.

Headquarters will be at the city hall and will be in operation from 7 a.m. until 9 p.m. for the three day period. Two registrars will be on duty at all times in addition to Mr. Weber, and it is estimated that each will be able to register an average of 14 men an hour. Between 250 and 275 men are expected to sign up here.

Men affected by this third registration under the Selective Service Act are those born on or after February 17, 1897, and on or before December 31, 1921, and who have not previously registered for military service, at either of the two previous R days.

If through unavoidable circumstances a man cannot register on any one of the three days, he must do so as soon thereafter as possible. Men away from their home city at the time of registration must register wherever they may be. Their papers will then be forwarded to their home local boards.

Serving with Mr. Weber as local registrars are Thomas Neale, city judge; Carl Pegler, city treasurer; Lt. Commander Joseph W. Storm, U.S.N. retired; Dr. John S. Woehler, all members of the Draft Board Advisory Committee and Miner Harkness, Frank Spencer, William Gellatly, Lloyd B. Welch, Charles Klunk and Noren Eaton.

## Many Offer To Give Blood

Dr. John L. Woehler has been appointed Sierra Madre chairman of the Red Cross Blood Donor Service. Committee members to serve with him will be appointed next week. It will be their duty to register groups of 100 donors who will be served by the mobile unit operating from the Center in Los Angeles.

Residents who have volunteered for blood donations to date are Mmes. C. E. Harlan, Mary Frances Fleming, James Hawks, Randolph Wood, Constance Campbell, N. B. Hutton, Helen Lovejoy, A. H. Rutledge, Carlin Smith, Miss Martha Pritchard and J. E. Clougherty.

## School Presents A Patriotic Program

Annual patriotic program by school children was given for Sierra Madre Kiwanians who met for luncheon in the school cafeteria Tuesday. In commemoration of the birthdays of Washington and Lincoln, George Tyree recited the Gettysburg address and Ray Hinkley gave the American Creed. A musical program was given by the school orchestra girls and boys glee clubs.

Next week R. J. Whitley, manager of the Crown City Day will be guest speaker. He will show a patriotic film.

## George Scott To Join Parachute Troops

Corporal George Scott of the city has been transferred to the East coast for three months to attend an officers training school for parachute troops.

## Heads Of Defense Council To Meet

Civilian Defense Council committee chairman will meet tonight at 8 o'clock at the city hall on a call from Mayor W. J. Schlitz.

## Organize Pioneer Club At The Grammar School

The Buffalo Bill Pioneer Junior Club just organized at the grammar school is made up of boys 12 to 14 years of age. The members are Nathan Tarr, chief ranger; Walter Richter, deputy ranger; Richard Raber, treasurer; Johnny Grijalva, Mike and Robert Castaneda, Willie Dunlop, Jimmy Terhorst, Ray Hinkley and Billy Joe Roe.

Before a boy may enter the club he must learn the following: "As a Pioneer, I am to seek health; to do my whole duty; to play a team game; to play the game clean; to be self controlled; to be self reliant; to be absolutely reliable; to be thorough; to be always kind; to be always reverent; to be loyal in all my relationships."

Our motto is Luke 2:52: "And Jesus increased in wisdom and stature and in favor with God and man." Our last meeting we talked about friendship. We had many suggestions. The boys of the Pioneer Club are going to a gym in Monrovia Thursday to play basketball.

The sponsor of our club is Mr. McElfresh, who is teacher of the 7A class in the grammar school. Any boys between 12 and 14 years of age who would like to join, please see some of the boys in the club or Mr. McElfresh.

—Walter Richter.

## Sierra Madreans Arrange A Benefit For Sanatorium

With Joseph S. Weber of Sierra Madre as chairman of arrangements, preparations for a benefit dinner dance were under way this week, proceeds of which will be contributed to the Los Angeles Sanatorium, nonsectarian Duarte tuberculosis hospital.

Encompassing the activities of supporters in Sierra Madre, Arcadia, Monrovia, Duarte, Los Angeles, Azusa, Alhambra, Pasadena and San Gabriel, the event is being sponsored by the San Gabriel Valley League. Ben Solnit, president of the league, reports Sol Knee is in charge of ticket sales and promotion in Sierra Madre.

Set for Sunday evening, March 15, the charity party will take place at the Elks Club, 215 West Foothill blvd., Monrovia.

## "THE FAR OFF HILLS" AT THE PLAYHOUSE

Paddy's pig was but a semi-green shamrocked object compared to "The Far-Off Hills," Lennox Robinson's modern Irish comedy, which currently holds the spotlight's center beam at Pasadena Community Playhouse. But like that snorting symbol of Erin, "The Far-Off Hills" is peopled with characters who are convinced the grass must be greener in other pastures. It takes three laugh-filled acts to prove to some of these stubborn Sons and Daughters of the Green that their happiness lies right in their own backyards.

Mr. and Mrs. Don C. Parker of 31 East Highland, spent the weekend at Big Bear.

## How You Can Help Boys In Army Camps And Naval Training Stations

The ever prevalent question of "what can I do to help a boy at camp" met with a definite answer from Wm. Burr, chairman of the Red Cross Camp and Hospital Committee, yesterday.

"You can help by giving unused articles of furniture for a day room, athletic equipment, radios, cigarette stands and ash trays, card tables and chairs, musical instruments and all kinds of recreation equipment for use at army camps through the San Gabriel Valley and other parts of Southern California," said Burr.

Responding to a request from the Naval station at San Pedro, Mr. Burr this week forwarded a used violin to a Naval officer stationed there.

Equipment obtained by the Red Cross is used within camp bound-

aries where only the Red Cross is permitted to function and where men spend an estimated 70 percent of their time. "Red Cross recreation centers are not to be confused with USO clubs, which are all located outside camp precincts," said Mr. Burr, who may be reached by calling 4116.

Mr. and Mrs. Howard Summer-ville of El Sereno brought their five-week old son to call on his great aunt and uncle, Mr. and Mrs. J. C. Dickson of 169 West Montecito, Sunday.

Mrs. S. C. Coumbe, Miss Carole Coumbe and Dan Jordan were among Sierra Madreans who enjoyed the musical comedy, "Blossom Time," Wednesday night at the Civic Auditorium.

To have what we want is rich, but to be able to do without is power.—George MacDonald.

## The.... Watch Tower

By Perley Poore Sheehan

THERE was that other time, in the memory of men now living, when the British Empire had to take reverses from an enemy too long disdained. And we're not referring, either, to Kipling's Fuzzy-Wuzzies when these "broke a British square." The time referred to was when young Mr. Churchill and old Mr. Kruger were emerging into fame—"Oom Paul"—at the start of the century; and the Boers were giving the British what the Japanese are now pretty much giving all of us: British, Dutch, ourselves. Or, let's just bring it down to Japan and the United States. For there's a sort of parallel—with Japan as the Transvaal, say, and America that Empire the Afrikaners hated so as the Japanese now hate us.

WE'RE big. We're rich. We're self-righteous. We dominate the better part of the earth. Just as Britain did. For years we also have been vexed by the acts and impacts of an "alien and inferior" race. A race which, notwithstanding, has manifested certain qualities that called loudly for consideration. To-wit: Zeal, Fearlessness, Ability, a Fanatic Nationalism. Then, something else: An openly avowed and oft-repeated conviction that some day they'd fight us—in a war to a finish—a war that they would win. This while we—as Britain did—went on fooling ourselves that we were too mighty for such a puny foe. Remember? Then, remember also how we—and Britain—tumbled when the war did come. We had Messrs. Kimmel and Fort. Britain had Sir Redvers Buller.

GO back and read it for yourself, if you feel the want. You'll find the truth—all of it—even in English histories. Which is one sort of courage, at any rate, you'll never find in books by Japanese about Japan. But before we drop the history altogether, here let us make at least one more reference. To something that seems to us to have a special bearing on what we started out to say. A reference to the way a large—a too large—share of the British public during all those disastrous first months (and years) of the Boer War continued to go about their divers little chores and sports so utterly unconcerned. With all that sad business in Africa. Except to grouse a bit. But cricket? Oh, I say. Who won at Lord's?

BRITISH multitudes absorbed in cricket and football, boxing and racing, hounds and whatsoever, all the time that Ladysmith was still the core of a murderous siege. Just as vast numbers of our own people now seem still to be possessed by a similar silliness. Remember Kipling's jibe at the playboys of his day? "... Flannelled fools at the cricket! ... Muddled oafs at the goals!" They say that those lines were what kept Kipling from ever getting named his country's Poet Laureate—so miffed they were, the influential set in England who liked these pastimes. But those same lines did help jolt England out of its complacent idleness; the same sort of idleness that still afflicts us—after Pearl Harbor; after Wake; after Manila! Would to God America

had a Kipling!

WELL, in spite of all that, you'll say (or, let's pretend you'll say it), Britain did win the war in South Africa. Sure! But only after she'd gone "all out." There was no indifference in London that night when news came at last that Ladysmith had been relieved. It was a preview of what Armistice day was going to be when World War I came to an end. Riotous joy, dancing in the streets, some drunkenness. These things, yes; but over all, a solemnity, a throb of churchbells—a higher wave of feeling that went around the Empire: *Deus noster refugium*. . . "The Lord of hosts is with us; the God of Jacob is our refuge." Maybe that's what we need—now!—without waiting for a truce.

FOR, even when the peace does come, brethren, there'll be cause enough. Right now it's likely that the Japanese leaders still believe they can win the war. By slaughter. By ruse and frightfulness. By magic. Shinto magic—Japan's own nationalistic religion. *Shinto*, the Way of the Gods—"800 myriads of gods," as they put it in a Japanese classic: gods and goddesses—of rivers, sun and moon, rain, wind, seas, wells, big trees, everything; and then the spirits of all the worthy dead—the dead in battle, the dead who slew themselves for *kao*. *O-kao!*—crudely translated as "face," but really meaning pride, honor, self-respect. Well, once Japan sees defeat ahead she'll not surrender; she'll spend her last—for *kao*! In one final hurricane of suicide raids. Over America by preference.

SO, fellow Americans, let's prepare ourselves. This very day of our Lord. Forgetting our folly. Fight, ye who can. Ye others, fast and pray.

## UNCENSORED

By LEONE BAXTER

Every youngster in the country who knows anything about model planes is aware by now that the government is as interested in the hobby as he is.

The Secretary of the Navy has called for the construction of over half a million "precision scale models" for use in aircraft recognition training and in gunnery sighting practice.

And the Navy admits that nobody in the nation is as well equipped and trained to build the needed crafts as the kids who have been doing it for years, for fun.

By tens of thousands, freckled nosed, tousled headed boys, and girls, too, have been making and sailing planes of various types. It has been instructive, precise, mind-stretching. And it has been fine sport. Today, tadpoles never suspected of harboring a serious thought, know a great deal more about the looks, the feel and the construction of a finely balanced plane than many of their parents are remotely aware—or give them credit for. Making a model plane and keeping it aloft is a fine art. Now it develops it is an important defense activity as well.

"The matter is urgent," says Secretary Knox. "U.S. Naval and military observers in Britain have reported emphatically that the best single means of protection against enemy aircraft is a citizenry able to identify aircraft by sight."

That statement will dry a lot of tears that younger brothers were about to shed at the thought of boys a little older—brothers, cousins and friends—going into the air corps to fight for Uncle Sam. Little brother is as much a part of the Army as anybody—if he can make model planes. And ten to one, if he's interested enough to long to be a flyer, he can.

While the whole country will be fascinated by the picture of armies of young fry working with smudged faces and dope-covered hands, stretching silk and assembling fusilages, as aides to our armed forces, the real significance of the development must not be lost in the human interest angles of the story.

The program will create clouds of model planes for the army and navy. But more, it will make a million youngsters a real part of a great effort for victory—an effort in which everybody, young and old, must eventually find his niche and take his place. For the sooner the war is accomplished, the sooner the war will be won and peace will come again.

Harvey Steinberger, a Sierra Madrean who has been living in Long Beach for several months, left recently for the Pacific war zone where he has been employed in defense construction work. Mrs. Steinberger is making her home for the present with Mr. and Mrs. W. E. Doty of 673 Mari- posa avenue.

## MARCH OF RIMES

By H. F. NOAKE

### "BIRTHPLACE OF EDISON"

Now come with me to Ohio, Milan, a small country town, which, being Tom Edison's birthplace, has garnered no little renown. The house where a friendly stork left him still stands, as it did years ago, its sturdy brick walls still defying the wind, and rain and the snow, you'd never suspect its location, tucked off down a quaint country lane, ne'er less lots of folks from parts far and near, come to see it again and again. Well, Tom moved away when a youngster, and gave the old burg grave concern because it prepared big homecomings, but somehow he'd fail to return. Instead he'd provide a pinch hitter until his old cronies got sore, so after repeated rebuffings, invitations were sent him no more. Tom Edison's gone, his home carries on, in Milan, a small country town; which gave to the world the wizard of light; a man of eternal renown.

### That Fighting Man, MacArthur

He's of the breed of John Paul Jones and Davy Crockett and Alvin York—that man MacArthur. So was his old man before him: Arthur MacArthur, who at 20 was getting cited for "gallant and meritorious service" in Civil War battles, and who as a general helped take from the Spanish territory the tremendous odds may have told against Douglas MacArthur's slim resources by the time this sees print, but up to this moment the American gamester and his handful of Americans and Filipinos have chewed up everything the Japs have thrown at them. The only thing Japan's prize field marshals have gained from MacArthur is a lesson in the art of war.

Yet great as his military services have been across the far Pacific, greater yet has been MacArthur's service in magnificent stimulus to the morale of every American man and woman. The sad story of Pearl Harbor, where the very leaders chosen for Army and Navy posts of weightiest responsibility failed to take adequate precautions against treachery and surprise, might have shaken the faith of millions in the ranks of our fighting forces—had not the inspiring story of that dauntless, brilliant fighting American, MacArthur, been unfolding all the while. The wildest brains in treacherous Japan couldn't outwit him. Their picked shock troops, at odds of 21 to 1, were hurled back when they faced him. He has given his countrymen the lift they needed.

And he's America's number one hero of this war—America's fighting man, MacArthur.

To those who chew their vitals with artificial dentures, we pass on a warning: Priorities has hit mercury, which is used for coloring dental rubber to make it look like gums. Dentists say that without mercury there'd be no way of telling what color any piece of dental rubber might turn out after it was baked—maybe something like a California sunset, or a realist painting, or the hue of an inner tube. Probably the shortage won't become so acute as to shut out the dentists—but the prudent store-teeth eater will be doubly careful against sneezing his plates over a cliff or knocking them off the bathroom window sill. Remember, that priorities board has teeth in it too. Better hang onto yours!

One of the most precious gifts of a free people is a sense of humor. There was proof the nation's was in good running order as, during the past week, Congress found itself on the receiving end of sharp jibes—proof for the life-long pensions members of Congress voted themselves at a time the rest of the country is being admonished to give, not take. This is one pension plan which has been conspicuous for its lack of public support.

THINGS TO WATCH FOR—Individual sugar servings in restaurants (or counters) . . . Semi-circular blackout awnings that hold off the sun when "halfway" down, hold in all light when fully closed . . . Heavy polished transparent plastic to serve as a desk-top cover, less expensive and warmer to the touch than plate glass . . . A new tooth polish applied in the same way as fingernail polish enamel . . . a return to wooden cases for table-top radio sets . . . Patriotic names for colors of women's hosiery—one line has four numbers titled "Life," "Liberty," "Pursuit" and "Happiness."

THE NEWS extends birthday greetings and its best wishes this week to the following Sierra Madreans, whose birthdays are indicated . . .

## A BIG store—built on little SERVICES

It's the little things we do for customers that make a big difference. Little things that can hardly be set down on paper, or enumerated in one, two, three order. But our customers know and understand, and appreciate. So do our professional friends. That is why more physicians and dentists are directing their patients to bring prescriptions here. They know that for all these extra services, it costs no more—quite often less—to have prescriptions compounded here. Ask your Doctor about us.

UNION PACIFIC

Key men in government and industry require fast, dependable transportation. That's where Union Pacific Streamliners play an important part. They are on the job—day in and day out.

And so it is with Union Pacific freight service. Production and assembly plants demand a steady stream of materials and parts. Union Pacific freight locomotives, powerful giants of the rails, are keeping 'em rolling so that Uncle Sam can "keep 'em flying."

Today, our Nation's war program comes first and Union Pacific is cooperating to the fullest extent. We appreciate the patient understanding of travelers who are not always able to obtain the accommodations they desire. Our thanks to you for your past and future cooperation.

## Is your income higher?

IT'S great to be earning more money. But give a sober thought to the future. High salaries won't last forever. Some day there will come an end to this war. The period of readjustment may be violent. If it is you will certainly want a reserve of ready cash to tide you over. The place for it is here. The time to start an account is NOW.

## Thank You!

... for my first Sunday off since I've been in the milk business

Of course, I've had days off before, but a day off during the week usually was spent sleeping in, doing odd jobs around the house... trying to keep out of the wife's way, or poking around by myself. With the kiddies in school and all our friends working, there wasn't much else for me to do.

Having Sundays off to spend in recreation with my family and to attend church like other people, means a lot to me. I surely appreciate your co-operation in making it possible by purchasing enough milk on Saturday to last over the weekend.

## Jr. Garden Club Plan Victory Gardens

At a meeting of the Junior Garden Club, Friday, at the grammar school, Anita Annas was elected president, replacing Marilyn Simpson, retiring president. Also elected were Patricia Marshall, vice-president; Ila Perry, secretary, and Valeria Valencia, treasurer.

In attendance at the meeting were Mrs. R. W. Solomon, who will direct the Juniors in the raising of their "Victory" and wildflower gardens, and the following mothers: Mmes. S. E. Peterson, R. D. Andrews, Steve O'Donnell, L. L. Clarich and Wayne Perry.

Mmes. J. J. O'Connor, Ben Mettrick and R. D. Andrews attended the district Scout leaders meeting Tuesday in Pasadena.

Mr. and Mrs. Joe F. Hutak of Bella Vista Terrace were fishing Sunday at Malibu Beach.
